

## Step 1: Select vehicle

## Step 2: Determine need for 3rd crossbar

## Step 3 & 4: Select Left & Right Features

### Ford Transit Low Roof

**FBM-1017**

Ford Transit low roof use 78" Crossbars: **CBR-0005**

### GM Vans

**FBM-1016**

Chevy Express & GMC Savana use 68" Crossbars: **CBR-0003**

### Mercedes Metris

**FBM-1015**

Mercedes Metris use 68" Crossbars: **CBR-0003**

### COMPACT VANS

#### Ford Transit Connect

105" wheelbase **FBM-1011**

121" wheelbase **FBM-1012**

#### Chevrolet City Express & Nissan NV200

**FBM-1014**

#### Ram ProMaster City

**FBM-1013**

All compact vans use 62" Crossbars: **CBR-0001**

If you carry a long extension ladder and a short step ladder, a third crossbar might be needed. Why?

### 2 Crossbars

With a standard two crossbar setup, the shortest ladder that can be carried = 8 feet.

### 3 Crossbars

The optional third crossbar, is needed if the short ladder cannot be held on the 6 foot spacing.

#### Optional

Third Crossbar for 78" family Ford Transit low roof

**CBR-0006**

#### Optional

Third Crossbar for 68" family Chevy Express & GMC Savana

**CBR-0009**

#### Optional

Third Crossbar for 68" family Mercedes Metris

**CBR-0004**

#### Optional

Third Crossbar for 62" family Ford Transit Connect, Chevrolet City Express, Nissan NV200, Ram ProMaster City

**CBR-0002**

		Right side - Select one

Build rack configurations from your module inventory by selecting a vehicle (**FBM**), 2 or 3 crossbars (**CBR**), and the features (**FEA**) from the chart above.

**Part # Key:** **FBM** = Mounting, **CBR** = Crossbar, **FEA** = Feature, **V** = Van, **B** = End Stops, **C** = Clamp Down, **R** = Rotation.

**FEA-0022** - 5 foot connecting bar - is required for 8 foot crossbar spacing with Ford Transit, Chevrolet Express, and GMC Savana.

John is a remodelling estimator. He owns a low roof Ford Transit and needs to carry an 28' extension ladder and an 6' step ladder.

*What would you recommend?*  
See the possible solution to the right.

### Possible Solution

- Low roof Ford Transit = **FBM-1017**
- Standard crossbars for low roof Ford Transit = **CBR-0005**
- Third crossbar for low roof Ford Transit = **CBR-0006**
- Left side feature for 6' step ladder - Clamp down = **FEA-0008**
- Right side feature for 28' extension ladder - Rotation = **FEA-0002** & **FEA-0015**
